To All of Our Customers,

One of our guiding principles is to promote the awareness of biodiversity. We are committed to using our business to celebrate wildlife and nature conservation, creating as many new plant and animal designs as we can manage. We want to thank you for your support and for being a conduit for our product. We really appreciate the opportunity you provide us to reach people who are passionate about conservation and biodiversity - be they educators, scientists, naturalists, or someone who loves nature enough to wear it on their ears.

We want you to know we work very hard to get your order shipped as soon as possible.

Our collection of earrings continues to grow as does our customer base, making it an occasional challenge to keep all our ~500 designs in-stock. While we generally ship very quickly, we may sometimes need up to 2 weeks to fill an order, as batches of your selected designs make it through our production process.

Thank you for your patience and your support!

- *Mary & Kevin Abbott*
Co-owners, Jabebo Studio
